

## Trauma Nursing Core Course (TNCC)

TNCC, 8th Edition, prepares emergency nurses for life-threatening trauma cases when every second counts. The course gives you the knowledge, critical thinking skills and training needed to provide high-quality trauma nursing care.

### About TNCC

Every second counts when stabilizing life-threatening trauma cases. This course, taught by qualified nurses, prepares you with the knowledge, critical thinking skills and training needed to provide high-quality, trauma nursing care. After completing this course, you will be able to properly assess and implement evidence-based interventions to improve outcomes for your patients.

### Here's a glimpse into what you'll learn:

- The latest trauma nursing practice recommendations
- Systematic assessment and application of care
- Rapid identification of life-threatening injuries
- 

### TNCC, 8th Edition

This new and improved edition brings exciting new features and course structure.

Be on the lookout for TNCC, 8th Edition, scheduled courses on the ENA course listings page.

### ***Exciting new features, include:***

- Virtual learning modules including avatar-based simulation
- Interactive teaching strategies
- Electronic, open-book testing - No more test anxiety!
- Updated evidence-based provider manual
- One and a half-day course
- 18.3 contact hours of CNE
- Optional Student Workbook and Study Guide available

## **Course Format**

A variety of learning methodologies are included to cater to every learning style, including:

### **Textbook**

- Online modules
- Live simulation
- Instructor-led classroom discussions and skill stations

The latest edition of the TNCC Trauma Nursing Core Course Provider Manual includes evidence-based content developed by trauma emergency experts. The 24-chapter, comprehensive manual is a compilation of current trauma nursing standards and a valuable resource for future reference

Course Materials TNCC Trauma Nursing Core Course Provider Manual is required for the course and is available through your course director

### **Online modules**

Online modules with links to additional information are provided prior to the course date to let you learn at your own pace, apply what you learn and receive immediate feedback, and refer back to information at any time. The modules are a complete case study process — taking you through an entire sequence of care.

**Live simulation:** TNCC includes training using both an individual and team approach. Trauma nursing process skills stations offer you the opportunity to practice trauma patient assessments and interventions in a controlled environment.

**Instructor-led classroom discussions and skills stations:** TNCC is a one-and-a-half-day intensive course taught by expert instructors.

### ***Why is ENA's TNCC the right course for you?***

- Evidence-based content developed by trauma nursing experts
- Curriculum designed specifically for nurses
- Course education is updated regularly as trauma care evolves
- 4-year, internationally recognized verification as a TNCC provider is earned upon successful completion
- Increase your confidence in trauma patient care
- TNCC courses available year-round at locations conveniently located near you
- Earn 18.3 contact hours of CNE

### **Prerequisites**

- Participants must be an RN and possess a current unrestricted nursing license to receive verification
- LPNs and paramedics are eligible to attend all portions of the course except for the written and psychomotor evaluations. For this reason, they do not receive verification, but are awarded contact hours

### **Registration deadline**

- **Course Registration Deadline** - 30 days prior to course date
- **Cancellation** - 2 weeks minimum notification for course fee refund.
- Course materials and registration associated fees are non-refundable and deducted from the total fee.
